## How to Become a Lifestyle Medicine Member

Plasticity is about treating the whole person... mentality... physicality... and emotionality. This is why we offer all patients looking to undergo any treatment or therapy at Plasticity an extended discount if they commit to a Lifestyle Medicine Membership. This membership ensures a truly customized treatment experience at Plasticity by incorporating the diagnostic and treatment options available only at Lifestyle Medicine.

### Lifestyle Medicine Membership \$3,333

- Total in-depth diagnostic panel including hormones, neurotransmitters, nutrition, toxins, gut health, food sensitivities and cancer screening
- 2 month customized supplement matched to the diagnostic results.

This membership ensures discounted pricing at Plasticity, and more importantly, an even more tailored experience which can turn good results... into great ones. This bi annual membership fee allows Dr. Rusilko the ability to treat each patient as the unique individual they are. All Lifestyle Medicine program based patients are exempt from this fee and will be extended the discounted rate automatically.
